

Policy Statement for:		Environment		
Serial No	ENV001	Author/Reviewer	DH	
Revision	1.0	Date of review	28/02/2025	

WILLIAMS CONSTRUCTION believes that the proactive management of environmental issues has positive benefits to the organization, its employees and others, and that commitment to a high level of environmental management makes good business sense. We are committed to environmental protection at each and every level of our business activities in our mission for continual environmental improvement.

The Company believes good environmental performance helps ensure good business performance.

In pursuit of our goal of continuing improvement, we will implement the following principles: -

- We will endeavour, as a minimum requirement, to conduct our activities within the law and the requirements of statutory regulations.
- We will develop and promote policies and procedures that minimise, where practical, the detrimental impacts that our activities have upon the environment.
- We will set realistic objectives and achievable targets for environmental improvement including sustainability, energy efficiency, waste management and reduction of carbon emissions.
- We will encourage the development of suitable methods which promote environmental protection and /or minimise their environmental effects.
- We will encourage our contractors and suppliers to pursue best practice and to apply environmentally friendly solutions.
- We aim to provide education and training for our employees, to help them include environmental considerations in all the aspects of their work solutions.
- We will include environmental issues into training and development of employees.
- We will dispose of our waste in accordance with waste management requirements.
- We will, where practical, respect the environmental demands of the communities in which we operate and society in general.
- We will ensure continual environmental improvements.

The Company aim is to continually improve in all areas of our business performance. Annual objectives & targets are agreed by senior management to assist in this aim. By monitoring our progress towards achieving these objectives and targets, we can identify and prioritise areas for improvement.

This Policy and any associated procedures shall be reviewed annually or because of changes in legislation, scope or performance.
